INTRODUCTION

At NAIS, the staff will strive to nurture these tender minds, nourish them with knowledge and expertise, prepare them to make informed decisions, and march them towards global citizenship.

The renowned American astronaut, Neil Alden Armstrong's words, "One small step for man but one giant leap for mankind" has left an indelible impression in my mind. I firmly believe that every human being should make a contribution to society and our endeavor at NAIS will be to empower every single pupil to do so and reach the pinnacle of success.

Your Parent/Student handbook will serve as a resource and reference to help you understand the rights and responsibilities of a parent and student at NAIS.

Communication for effective partnership:

Effective communication is essential to building a school-parent partnership which will strengthen the student's learning experience. Communication can and should happen through different means, such as the school's website, pamphlets and/or newsletters, to target all parents. The language of communication will be English and Arabic. Parents may call the school and fix an appointment to meet any staff member.

The responsibilities of the school include:

- Communicating to parents all policies, possible changes and immediate announcements.
- Using all contact details provided by parents to communicate key messages.
- Updating the information about school policies, expectations, programs, staff and any other information deemed necessary by the school.
- Informing parents of their child's progress through regular assessment reports (at least three times per year) and meetings. The school will exercise fairness, objectivity, transparency and credibility in the assessment reports shared with parents.
- Providing parents, the opportunity to see and review all of their child's work and assessments.

The responsibilities of the parents include:

- Supplying the school with valid and updated contact details, including home and mobile numbers, e-mail addresses and home locations.
- Updating the school about any changes in the contact information.
- Referring regularly to established means of communications for any updates about the school.
- Being courteous in their approach to staff when enquiring about their child.
- Attending all meetings, conferences and reviews related to their child's progress and performance. Failure to do so may jeopardize their child's progress and learning experience. Parents' level of participation, involvement and responsibility in their child's learning will affect his or her chances for re-enrolment the following year.

Attendance and punctuality

North American International School encourages a strong partnership between the home, school, and community. It recognizes a positive relationship between good school attendance and success in school and employment. While at school, students are given many opportunities for learning through direct instruction and assistance with difficult subjects. Unfortunately, when your child is absent he/she misses learning opportunities. Fostering punctuality is a shared responsibility between students, parents, and the school. It is an important factor in the individual student's character development and the future success in post-secondary education and career opportunities. Student tardiness is disruptive to the learning process and is detrimental to the individual student's educational progress.

Punctuality

- Students need to be at school in order to start classes on time. Doors of the school open at 7:15am and students may enter classes at 7:50 am.
- Students arriving to school after 8:00 am should enter by the main school gate and register at the front desk before going to class.
- Classroom teachers have a responsibility to monitor lateness. If regular lateness affects learning, then a meeting with student and parent must be called.
- If punctuality continues to be a cause for concern then the teacher will inform the Head of Section for further action.

Tardiness

Punctuality shows respect for others, classmates and teachers. Tardiness affects not only the student who is late, but disrupts the entire group. Tardiness is recorded and appears on the Academic Report Card. When your child will be late or absent from school, please email the school receptionist to notify us. All unexplained absences may result in a call home.

Students arriving after 8:10 a.m. are considered tardy and will be issued a tardy slip, which must be given to the class teacher on arrival to class. Students more than 5 minutes late to class (without a valid pass) are considered absent and will be marked unexcused with consequences issued as per discipline guidelines.

Absences

Children are encouraged to be present regularly throughout the year to fully participate in the academic program. Extended holidays and vacations interrupt and influence the students' educational progress. Students may not miss more than 10 school days per year. Once a student accumulates 10 absences, any future absences will be considered unexcused and may not be permitted to make up missed work.

Current KHDA regulations state that if a student is absent for unauthorized purposes for a period of 20 consecutive days, or 25 non-consecutive days, they may not advance to the next grade level or not qualify for re-enrollment the following school year.

Ministry guidelines for attendance are as follows:

98% Excellent

96% Good

92% Satisfactory

Less than 92% Unsatisfactory

Therefore, all parents should ensure that their child is at school every day of the school year except for illness or other unavoidable reasons.

If a student is sick, parents should call and inform the school of the absence. After 48 hours of absence, a sick note is required from the doctor. Absences of more than 48 hours without the support of a sick note will be marked as unauthorized. The Principal cannot authorize absences other than for medical reasons.

Planned Absences Other Than School Holidays

It is the school's philosophy that attendance in class is of primary importance. There are times, however, when an absence is unavoidable. In such cases, the parent is responsible for contacting the school in advance. Students will be able to make up missed coursework if the Principal approved the absence.

Unexcused Absences

If a student skips (fails to show up for assigned class) a class, his/her parents will be informed and the student will receive consequences. Repeated skips will result in Alternative Learning Environment options provided by the school and a conference with parents. Teachers are not required to provide make up assignments or tests for skipped classes.

Leaving Campus

Students are to remain on campus at all times during the school day. If students must leave because of illness, the school nurse will call the parents to pick up their child. If a parent wishes to take their child out of school before the regular dismissal time, the parent must notify reception and the reception as soon as possible either in writing and/or by phone. When picking up your child from school early, the receptionist will call the Head of Section to have your child sent to the receptionist area.

Make Up Policy for Absences

- Excused – It is the student's responsibility to request work and to see that the work is completed and submitted at a reasonable time as determined by his/her teacher. Requests for homework will be granted on the second day of absence by contacting his/her teachers through the school portal.
- Unexcused –
 1. A zero is recorded for daily work missed for each day a student is truant. Students are required to make arrangements with his/her teachers to make up missed work.
 2. A student must fulfill all course requirements to pass a course.
 3. The school may not deny a student credit in a course based solely on a student's unexcused absences.

- **Suspension** – A suspended student shall not be denied the opportunity to take any assessments, either formative or summative, which were missed during a suspension, or to make up missed work. It is the student's responsibility to make arrangements with his/her teachers.

Extenuating Circumstances:

Heads of Section should use their own discretion with any prolonged absence due to exceptional circumstances and deal a sensitive and supportive manner with those concerned, for example where there is a serious illness of a close member of the family.

Late Pickups

Kindergarten students must be collected latest by 12.15 pm. If the parent requires the students to stay back and be collected later or use the 2.30 pm bus, an extra charge has to be paid and the student remains with the assistant teacher.

Children not collected 15 minutes after the end of the teaching day will be escorted to the reception. There will be two members of staff on duty. The receptionist will contact parents and supervise until collected.

For more details please refer to the Attendance & Punctuality Policy on the School Portal System at www.naischool.com.

2. Every student has a right to be safe and secure in the school community. Every student has a responsibility to respect the security of others and deal with conflict in an appropriate manner.

3. Every student has a right to expect reasonable and socially responsible behavior from others.

4. Every student has a responsibility to treat themselves, others and their surroundings, with respect by speaking and acting in a socially responsible manner.

5. Every student has a right to a positive learning environment. Every student has a responsibility to follow class rules by:

- being seated when class starts

Behavior Expectations

Our ultimate goal is to provide a safe learning environment for all students. If problems arise, we encourage students to report it to a teacher or administrator so we can help students make positive choices. When students do make the wrong choice however, we address it based on the severity of the incident.

Student behavior is categorized in three levels at NAIS. Our teachers use a progressive discipline model in their classes to address

Minor – Level 1 behaviors.

Major – Level 2 and

Severe – Level 3 behaviors will result in a referral to the Administration. Those students who consistently disrupt the learning environment are referred to the appropriate administrator of each level and the appropriate action(s) will be taken. All incidents are documented in the student's behavior file.

At NAIS, we use the following consequences at the administrative level.

- Warning Letter sent home (no punishment) and/or phone call home
- Parent Contact/Conference. We strongly believe in communicating with our parents in order to resolve issues.
- Lunch Detention may be assigned by faculty Members for Level 1 Misconduct, occurring in or out of the classroom.
- Referral to Counselor for recurring and/or more severe issues.
- Internal Restriction
- External Restriction

**Letters and/or phone calls home will be utilized to convey all disciplinary matters*

Detentions, Restrictions, and Expulsion

Disregard of rules and regulations in this handbook may result in detention, restriction, request to withdraw, and/or expulsion.

- **Detention** may be during school hours. Teachers may require detention in his/her classroom, or detention/restriction may be assigned by the Administration. Detentions/restrictions issued are recorded in the student's file. Students who have repeated detentions and/or restrictions may be subject to more significant disciplinary responses such as suggested withdrawal from school or expulsion.

o Restriction

- **Internal Restriction:** Students are supervised by a teacher or administrator at school in a location away from their peers and regular routine. The student is responsible for obtaining and completing the assignments to keep up with school work expectations. Administration will contact parents to inform them about the restriction.
- **External Restriction:** Students are required to be separated from the School community and stay at home for a designated number of days. They and their parents are required to meet with administration before returning to school. The student is responsible for obtaining and completing the assignments to keep up with school work expectations.
- **Request to Withdraw.** Students who are asked with withdraw are no longer behaving in ways that contribute positively to the School community and need to be separated from the School. Students who have repeated detentions and/or restrictions, repeated level 2 or 3 misconducts, or committee a single act of gross misconduct may be asked to withdraw pending disciplinary action. In such a case, administration and the Head of School would meet with parents and the student to discuss.
- **Expulsion,** as a final option, is a possible consequence for a single act of gross misconduct and/or repeated level 2-3 Misconducts. Students who are asked with withdraw are no longer behaving in ways that contribute positively to the School community and need to be separated immediately from the School. This is the most severe response by the School and one that carries the stiffest of penalties as the result is immediate. When expelled, a student must leave campus immediately. The School will follow KHDA guidelines should an expulsion be warranted.
Parents are our partners. Administrators do not seek out disciplinary situations. Students make choices that have consequences. In all situations, administrators seek to work in partnership with parents.
Towards the end of the school year, student behavior files will be reviewed. Those students who have continually disrupted the learning environment may be denied enrollment for the following school year.

Discipline Guidelines with Consequences for Misconduct

We believe in a positive and proactive approach to encourage and inspire desired learning and social behaviors, and know that a positive academic and social climate is necessary for student learning. We also believe that responsibility for establishing this climate is shared by each student, faculty member and parent.

We value having students follow reasonable rules, and it is important for students to understand their purpose. Part of the learning process involves making decisions and sometimes making mistakes. However, we expect that students will learn from their mistakes and demonstrate growth.

Low-level misconduct is responded to by the classroom teacher based on his/her in- class behavior plan. If there are repeated/more severe Level 1 behaviors, the Head of Section becomes involved for a more formal disciplinary response.

Although our progressive behavior plan is followed closely, all incidences are reviewed/investigated on a case-by-case basis and responded to with consideration of the student's age, motive, behavior trends, among other factors.

Search and Seizure

Student searches may be made based on reasonable suspicion of a violation of school rules and/or UAE laws. The search of the student shall be justified at its inception, based on reasonable suspicion and reasonable scope in light of the age and gender of the student and the nature of the infraction.

Contraband and other unauthorized property will be seized for evidentiary purposes in a school hearing and/or legal hearing. The property may be returned to the parents/guardians of the student but may not be returned, depending on the nature of the property. Illegal contraband or other illegal property will be turned over to the proper law enforcement.

Academic Honesty

Honesty in schoolwork requires that students do their own work. Students are expected to give credit to ideas, language, or thoughts which are not their own. To take ideas, writing, or thoughts from someone else and pass them off as one's own is **PLAGIARISM** and is a violation of academic honesty. This can occur with print or non-print sources, such as the Internet. NAIS regards acts of academic dishonesty as a serious violation of the community's trust. Students who commit academic dishonesty will face consequences. **Students will receive a "0" on the plagiarized assignment.** If the offense is repeated, a student could be asked to leave the school. Any violation or suspicion of violation will be reported to the Principal immediately.

Compromising the Good Name of the School Through Misconduct

Any behavior or activity that happens off campus or outside of school hours that is illegal or brings disrepute to NAIS may result in **restriction, request for withdrawal, or expulsion** from school.

The Career and College counselor supports students throughout their college application process and in doing so we support students when answering questions concerning disciplinary history and change of academic status. NAIS counselors and staff **are obligated to, and will, truthfully** report disciplinary infractions and changes to academic status. The Counselor will work with the student to report appropriately any infractions within the whole context of the student's college application.

Each house is led by a House Mistress, House Captain, Prefects and Class Captains. The school has established a Student Council, headed by a Head Girl and Head Boy. The three house captains lead their houses with assistance from prefects and class captains.

The purpose of this NAIS Student Body is:
